

REPOSITORY? **G**

# Git HUB

PROJECTS?

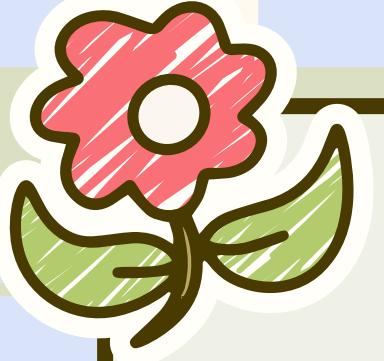

IN CLOUD?

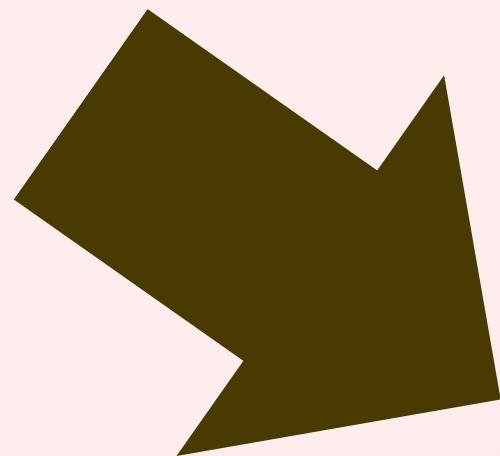

# WHAT IS?

is an  
development  
platform.

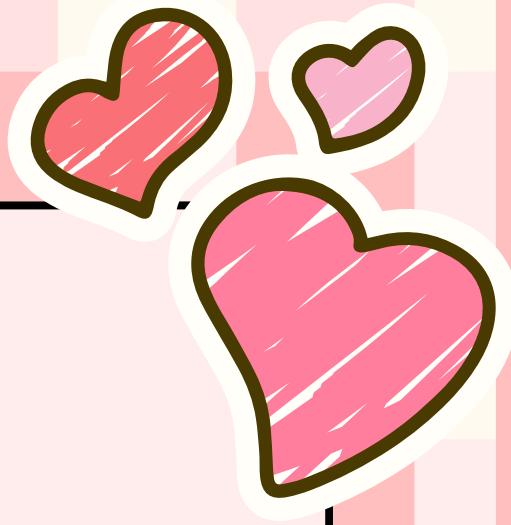

*online  
software!*

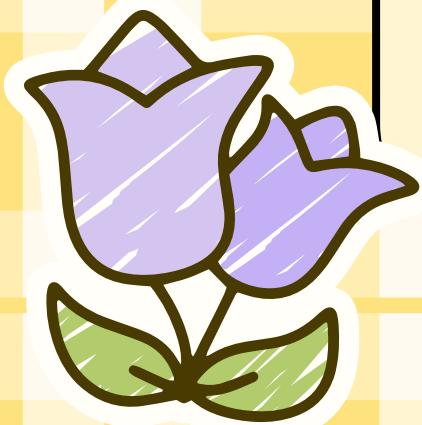

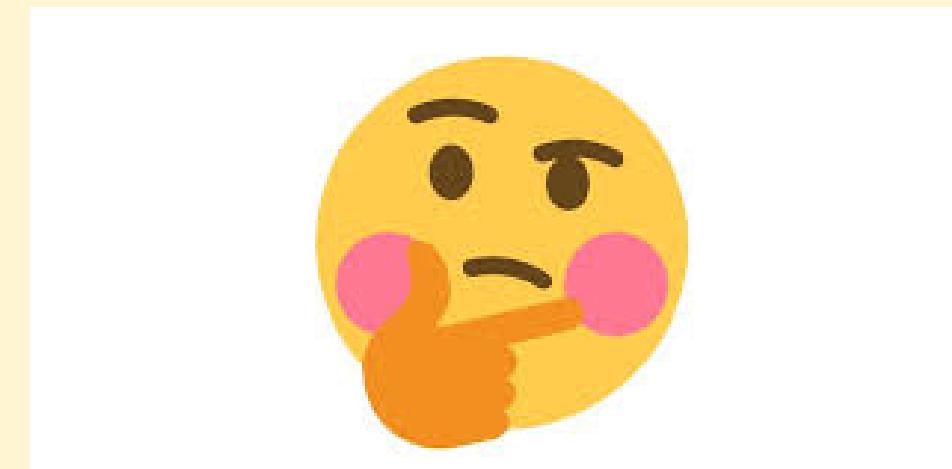

# HISTORY

began on  
October 19, 2007

is FOR FOR storing, tracking, and  
collaborating on software  
projects

# How it works

Uses Git

multiple people separate changes

web pages at the same time

*the open source version control  
software*
